

Fiji: Kadavu

December 13-22, 2012

Join Denver Divers at Fiji's premier eco-resort, Matava, located on the pristine island of Kadavu. Designed with the environment in mind, Matava resort offers a unique Fijian experience by sourcing local products, offering traditional Fijian tours, and leaving a minimal impact on the surrounding environment. Just out Matava's back door is the Great Astrolabe Reef, where divers can enjoy Fiji's only year round manta site as well as some of the best dive sites in the world.

This trip will offer something for everyone, from the avid diver to the culture enthusiast, so don't miss it!
